

AWS IS HOW ANIMATED VIDEOS

AWS is how Splunk shared their AWS story

And, AWS is how technologists like you can share your story and solutions.

Create your own animated video

What if you could reach millions of people across the AWS social channels, and get hundreds of thousands of impressions and views, with just one 30-second video?

Modernize and Migrate Data with Splunk

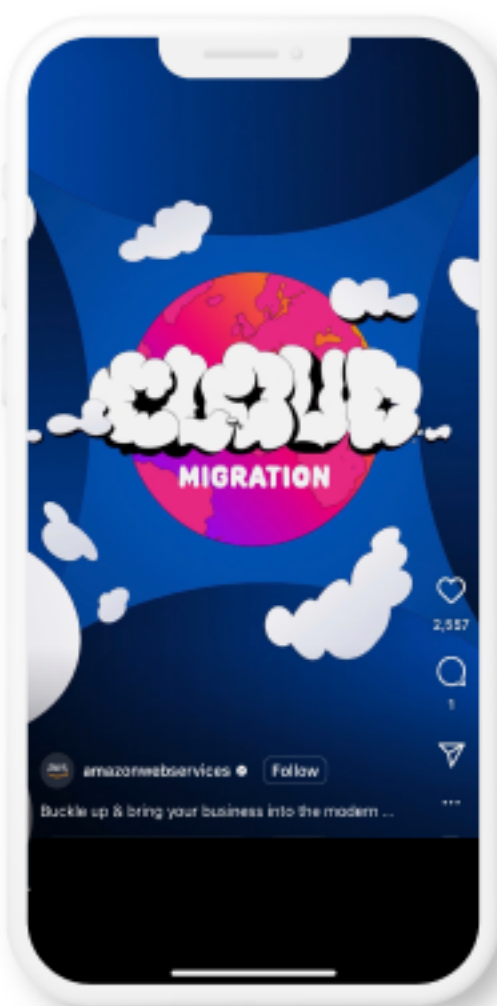

AWS + Splunk co-produced this awesome animated video to tell their story in 30-seconds. Check out the video to discover how AWS + Splunk make it possible for you to get insights into your AWS services, users, applications, and infrastructure with the help of the monitoring, troubleshooting, and response tools from Splunk's suite of observability products, Splunk Observability Cloud.

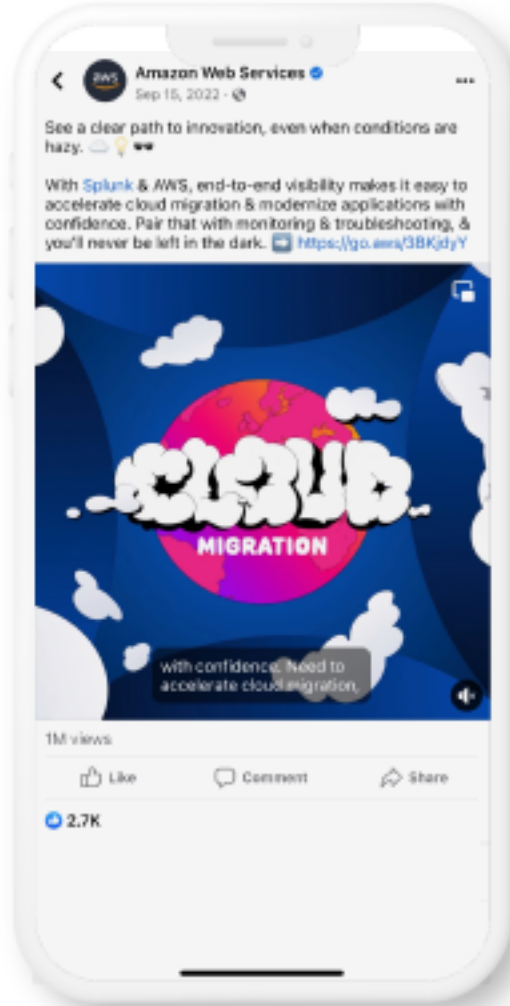

And, here's how well it performed when we shared it with millions of followers across all AWS social channels...

775,141 impressions
1,323 engagements
625,301 video views

15,686,540 impressions
2,706 engagements
706,397 video views

15,628,897 impressions
14,572 engagements
456,381 video views

Now, it's your turn.

Stop imagining the possibilities and let's start creating opportunities. If you're interested in getting started, setup a time to meet with a member of our team, and let's make magic happen.

Meet with a member of our team

We look forward to working with you.
