

THE C2 MODEL

Where curation meets concierge service to provide the best of human touch + technology.

We create & manage purpose-built community programs for leading affinity brands and business networks. Our C2 digital business model and integrated platform will inspire, engage, and retain your most valued members.

The 3 Pillars of Community.co

Our members have hyper-specific goals and want access to a platform of influence to grow their business and their professional brand.

1

Visibility

They want increased visibility for their ideas, insights, and influence within their industry.

- ✓ Public profiles and directories
- ✓ Professionally edited thought leadership content
- ✓ Member badging

A DIGITAL-FIRST UX

Builders and managers of industry-leading, bespoke, professional communities.

Most community digital solutions focus on fancy features and functionality instead of real business outcomes.

The Community.co digital business model and integrated platform emerged—and continues to evolve—out of the mutual shared goals, interests, and needs of our members.

Relevance

They want to be surrounded by like-minded peers - both accomplished and aspirational.

Retention

Busy professionals have hyper-specific goals and needs to keep them engaged.

Recognition

They want increased visibility for their ideas, insights, and influence within their industry.

HOW WE DO IT

Connecting dots, thoughts, and so much more.

We build and configure communities designed to exceed the demanding needs of our business executive members. We understand industry innovators, and have launched a unique platform of services that are all designed to amplify the visibility of members' ideas, insights and influence.
