LIFE HAS MORE THAN ONE MODE.
SO SHOULD YOUR TECHNOLOGY.

Flip it. Fold it. Tilt it. Hold it. Stand it. Touch it. Share it. Do more with Lenovo multimode PCs. Transform the way you live, work, and play — and see your technology keep pace with you.

THINKPAD TABLET 2

THINKPAD TABLET 2 TABLET

A tablet built for business, the ThinkPad Tablet 2 combines powerful processing, robust security features and all-day battery life. The optional ThinkPad-quality Bluetooth® keyboard dock and multi-monitor support enable productive computing. Other accessories like the digitizer pen further raise the productivity bar. Fueled by all-day battery life, the ultralight ThinkPad will redefine the way that you conduct business.

YOGA LAPTOP

The Yoga 2 Pro retains the 4 awesome modes of the original Yoga. It's a laptop when you want it, a tablet when you need it, and also converts to stand and tent modes for a user experience that's unprecedented in its flexibility. An Ultrabook™ powered by Intel® Core™ i Series processors, Yoga 2 is thin and light and boasts premium enhancements, such as a backlit keyboard and voice and motion control. Dazzling QHD+ visuals and Dolby®-enhanced stereo speakers deliver a vivid, immersive entertainment experience.
