Trusted by industry-leaders around the globe

OUR MISSION

Quarterhill was launched with the mission of fast-forwarding the transportation industry into a safer, smarter, and more digitally-connected future. We achieve this by building and delivering reliable technology that reduces congestion and ensures safety—while also minimizing impact on the environment.

Future-Generation Transportation Solutions.

TOLLING

Maximum tolling efficiency. Unparalleled customer satisfaction

We're dedicated to delivering efficient and highly-intuitive tolling solutions, backed by leading professionals, to ensure the level of customer service and operational excellence our customers depend on.

GLOBAL SOLUTIONS AND OPERATIONS

The customers we're proud to serve

Quarterhill builds smarter transportation tech for a more modern industry—on a global scale that includes presence in North America and Europe, as well as other parts of the world. We proudly provide solutions for government agencies, toll operators, and private sectors.

Departments of Transportation

We offer scalable solutions for efficiency and reliability in toll collection, enforcement, and highway management, ensuring smarter road infrastructure and optimized traffic flow.

Toll Authorities

We provide cutting-edge technology, including automated free-flow toll collection, enforcement systems, and seamless integration with existing infrastructure to enhance revenue and traveler experience.

Transport Companies

Logistics providers rely on our advanced systems to streamline operations. Our tools boost productivity, improve safety, ensure compliance, and drive sustainability efforts.

OUR BUSINESS & TECHNOLOGY PARTNERS

BENEFITS

What makes us different

01 We Operate Globally

We specialize in designing, developing, and deploying technology systems for the intelligent transportation systems industry. With a presence throughout North America and Europe, we operate globally, extending our services to government agencies, toll operators, and private industries.

02 We're proven industry leaders

We're recognized leaders in developing and deploying technology for the transportation industry. Our expanding portfolio includes industry-first solutions for enhancing transportation safety and efficiency. Our team plays a pivotal role in improving the quality of life in interconnected communities.

03 We're Innovative

We have a continually expanding range of services and solutions. We introduce cutting-edge technology into transportation planning, operations, and management by developing software platforms that provide transportation intelligence.

Work with world-class specialists and revolutionize transportation with intelligent technology.

2B+

Transactions processed annually, covering over 15 million accounts.

\$3B

Toll revenue processed annually.

93M

Image transactions processed annually.

100M+

Vehicles classified/day.
